

SDG 17: Partnership for the Goals

Relationships to support the goals

- The Arab Open University participates in activities to develop SDG policies adopted by national governments and regional NGOs. This engagement includes identifying challenges, developing policies and strategies, modeling potential future scenarios, monitoring, and evaluating interventions, and enabling adaptive management practices to achieve the SDGs.

International Relations

- The Arab Open University in Egypt places great importance on strengthening its international and regional relations. It concludes numerous cooperation agreements and memberships with local and global institutions, and establishes cooperation agreements and memoranda of understanding with various academic institutions. These efforts contribute to supporting its educational and research mission, while expanding areas of partnership and knowledge exchange.
